Reaching Infinity: A Father's Unceasing Love

By Moshe Marshall Mickey Zalman Steven Singer Zolotuchin Davis

**...a man of more varied identifications with
life than he has names**

Written and revised over a period of four decades.

Reaching Infinity

A soul lost in the abyss of materialism climbs the walls of Jewish Tradition and levels out in the pursuit of universal freedom.

For those who would know the man, his life, his story, history.

With gratitude towards whom I shall be eternally grateful.
